

LAPTOP BACKPACK GRADES 7-12

Things to Remember:

1. To receive an FACS laptop, your child must keep the laptop in a *well-padded* laptop backpack. This backpack must be in your child's possession at the time of pickup. Backpacks without built-in laptop compartments are *not* acceptable. The built-in laptop compartment will be checked for padding on the bottom and both sides of the laptop compartment. Bags with a laptop compartment only padded on the bottom and the outside can be used if the laptop is kept in an additional laptop sleeve.
2. Laptop sleeves are highly recommended for everyone for extra padding and protection against scratching from constantly taking the laptop in and out of the bag. Sleeves with the FACS logo are available from the Gathering Place. Your child's laptop size is 13.3 inches. A 14-inch sleeve fits nicely.
3. Every student and parent must read the FACS Laptop User Agreement, the Student Responsible Use of Technology Agreement, and the Technology Usage Clarifications documents. After reading the three documents, please **CLICK** the link to the Signature Agreement Form, fill out the form, and submit.
4. Students will not receive an FACS laptop without the appropriate backpack and submission of the Signature Agreement Form.
